### Blast Chill

A BC option is available in 1,2 or all 3 VCS Drawers for added functionality

## Applications

- Provides back up storage, close to the point of use, for maximum efficiency during busy service periods.
- With our Low Velocity Cooling system, food can be packed into the drawer without leaving any air gaps - there are no 'hot-spots' in an Adande Drawer.
- On request, Adande units can be arranged in mixed configurations, combining Multi-Temperature with Fridge Only Drawer.
